

Speaker 1:

Okay Ellen what kind of a car do you think you're going to buy?

Speaker 2:

Well as a matter of fact, I was thinking about that the other day and uh, I really don't know the answer. Um, I would sort of like to uh think about something in the way of uh uh, sort of a sporty car but not any, not you know a luxury type sporty one but um...

Speaker 1:

Yeah.

Speaker 2:

...something that still has a, lots of amenities and you know gadgets and things.

Speaker 1:

Oh you do want a lot of that stuff.

Speaker 2:

Yeah, well yeah I like, I like some of those things. They come in really handy.

Speaker 1:

What kind of uh things are you going to consider? You know, what uh, you said something about the, about the, well what do you call them you said amenities...amenities that they have but what about um their reputation of the company or the price?

Speaker 2:

Um well of course, I guess uh price is always the big consideration, but it is for me, other people don't seem to have the same problem.

Speaker 1:

Yeah.

Speaker 2:

Well that's, that's a big one in my book but uh um...

Speaker 1:

Yeah.

Speaker 2:

I have preferences for uh, for some um makers over others, um and I would sort of like to buy American.

Speaker 1:

Yeah.

Speaker 2:

But you know I'm not so totally hung up on that that I wouldn't buy something else. How about you?
